### **NEWS RELEASE**

**Town residents and private contractors are urged to remember that plowing snow from driveways and/or walkways onto the roadways is not only illegal but dangerous.**

**Due to the amounts of snow accumulating thus far and with winter storms still predicted it has reached a critical stage in our community. By pushing snow across the street onto existing berms/snow banks roadways have become dangerously narrow.**

**Private snow companies/drivers and/or homeowners are responsible to ensure that snow is not pushed across the roadway – even if you clean up the area it is not allowed.**

**The drivers/homeowners can be issued a summons for 19a-335 a \$50.00 fine per occurrence.**

**Please – keep the snow within the confines of your property. Narrowing of the roadways will cause serious repercussions for our emergency service personnel - we need to ensure that Police / Fire and EMS can reach you and that Public Works can continue to maintain clear and open passage for all.**
